

 **roundflash™ Dish** - a collapsible Beauty Dish flash diffuser. Fits most flash units with a perimeter between 21,5cm ~ 26cm (8,5" ~ 10,3"). For best results use the flash wide panel.

For set-up: stretch up the bead on the front side until the Dish reaches its normal shape. Once you have determined the accurate flash opening, you can attach the Dish directly into the flash using a Velcro strap.

For transportation: stretch up the bead on the front side until the internal stick folds. Then collapse the Dish as shown on the picture & film -scan the QR code below.
